

“create air we breathe
to honour the circle of life”

Everyone’s legacy can be connected to trees.
Whether it’s an Evergreen Magnolia or River Red Gum, select a tree that suits you.

Introduction Legacy Pathways

The cremated remains of a precious life can now be used to create new life. Living Legacy Forest has created a world first organic natural science that turns cremated remains into micronutrients that become a part of the tree and help it grow.

How to start your Living Legacy Forest

Transform cremated remains & select your legacy tree

Plant the infused tree & additional 200+ trees in your name

Connect your community with tree giftcards & mobile app

Create meaningful memories for generations through trees

All Living Legacy Forest Pathways are available in multiple locations in Melbourne, via The Greater Metropolitan Cemeteries Trust. (Subject to approval)
Book a free consultation with a certified GMCT horticulturist **1300 022 298**

A charitable donation is made on all sales to causes determined by Legacy Stewards (5% net proceeds)

Regardless of whether you choose to be buried or cremated and scattered. Living Legacy Forest offers a variety of pathways.

Holistic Legacy

“Transforming life through tree infusion”

A world first, Living Legacy Forest Trees connect a person’s remains to the life of a tree by transforming cremated remains into a micro-nutrient form of energy absorbed directly into the tree roots that helps the tree to thrive.

Collective Legacy

“Meaningful connections to nature and life”

Share the synergy of life and nature by connecting your memory to the lasting impact of your own 200 tree Legacy Forest Footprint on the world. Why 200 trees? Because 200 trees replaces more carbon than a human breathes in their lifetime and creates the air we breathe.

Legacy Giftcards

“Respecting life through giving”

Give trees to reflect the lasting impression of life from a loved one, paying respect to the preciousness of life through the giving of trees. Our 20 Tree gift cards enable friends and family to plant a forest in honour of their loved ones locally and internationally.

Holistic Legacy - *Transforming life through tree infusion. Suitable for cremation*

Transform your remains into micro-nutrients

Your selected tree is infused & planted

We donate 200+ additional trees

Connect your family & friends

Grow your forest with tree gift-cards

Link your life story to tree locations

The legacy lives on for generations

“I want to be a tree that creates the air we breathe and honours the circle of life”

Your Infused Holistic Legacy Tree

Using our LL.Tribute Technology, we respectfully transform cremated remains into micronutrients using natural science, bringing your ashes back to life, absorbed via the tree roots, to create a unique and meaningful living memorial tree.

200 Tree Forest Footprint planted in your honour

Your legacy is a positive contribution to people place and planet. Via our partners we plant 200 additional trees locally and abroad, creating more air than a human breathes in a lifetime. Ten in Australia (during the winter months only) and 190 are planted abroad (all year round) in locations severely affected by deforestation and loss of threatened species.

Mobile App Connectivity

Living Legacy | GenConnect

Share stories for generational connectivity via the LL.GenConnect Mobile Application, which allows you to digitally locate to your Living Legacy Forest Memorial tree, and connect to family and friends online.
