

Honour Life. Plant a Legacy Tree at Wellington Forest.

In the past, people became graves, and created graveyards. Now, you can choose to become a tree and be part of a beautiful forest.

"Celebrate Life by Creating New Life"

Living Legacy Forest is an Australia-wide initiative enabling people to plant their loved ones' ashes in the roots of a tree at a local memorial forest site. It is a beautiful way of celebrating life in a vibrant location, allowing the deceased to live on in the trees and allowing families to mourn their loved ones in a peaceful and uplifting environment.

Testimonial

Dad and I enjoyed her becoming a tree... As a mathematician and environmental scientist, we knew the first law of thermodynamics - that matter can't be created or destroyed, it just transforms.
- Osborne family

"I love it, it's the circle of life! I want to be a tree." - Waleed Aly
